ENERGERA INC.™ HEALTH SAFETY & ENVIRONMENT (HSE) ADMIN, PHILIP ADKINS ACHIEVES BCSP CERTIFICATION

FREDERICK, CO – [Energera Inc.™](#) is pleased to announce that HSE/DOT Admin, Philip Adkins has completed all requirements for a [Board of Certified Safety Professionals®](#) (BCSP®) certification. This highly respected certification is awarded by BCSP to individuals who meet eligibility and experience criteria in the safety, health, and environmental (SH&E) discipline and have passed a rigorous examination.

“Phil has been an indispensable part of the Energera HSE team for the last five years, helping to advance our HSE, training, DOT, and drug and alcohol programs as well as excelling as our HSE field advisor for the Rockies region. Phil brings an exceptional level of professionalism, dedication, and a team-oriented approach to every task he takes on and has earned the utmost respect of every member of our Energera team. He is eager to accept any challenge that presents itself and is constantly striving to excel in his field, as can be seen through him completing his Bachelors in OHS and then his ASP certification while working fulltime, and most recently pursuing and successfully passing the grade through the BCSP, being granted his Certified Safety Professional (CSP) designation, which is the gold standard in the Health and Safety industry throughout North America. I am excited and honored to be a part of Phil’s journey with Energera and looking forward to a long future working together.” – **Wayne Clark, VP, Operational Risk, Energera Inc.**

Safety issues have become more complex, and today’s safety professional must continually be better qualified. “*Safety, health, and environmental practice relies on the knowledge and skills of its practitioners,*” explains BCSP’s CEO, Christy Uden, CAE, IOM. “*We are proud of those who join us in advancing safety through quality certification.*”

BCSP credential holders are among the most highly trained, educated, and experienced individuals in the safety field. Having achieved a BCSP certification shows that the individual has mastered the core competency required for professional safety practice.

Certificants recertify every five years to maintain certification, ensuring they remain knowledgeable in their practice and continuously improve the profession.

ABOUT BCSP | The Board of Certified Safety Professionals

Headquartered in Indianapolis, Indiana, The Board of Certified Safety Professionals is a not-for-profit corporation recognized as a leader in high-quality, accredited credentialing for safety, health, and environmental (SH&E) practitioners. BCSP establishes standards and certifies competency criteria in professional safety practice. Since 1969, over 100,000 BCSP credentials have been achieved.

ABOUT ENERGERA | Changing the World of Energy™

Beginning in 2011 with Frac Shack and following the acquisition of Sandtinel in 2020, Energera was created in 2021 recognizing the need for powerful and impactful enertech solutions. Energera stands as an industry leader for change enabling energy development that is **smarter**, **greener**, **safer**, and **cleaner**, charting a path forward to a world where energy has far less environmental impacts, more affordable, and readily available for all.
